moisture/firm/supple and lively all day long

Natural derived
active ingredients

Patent technology for
water-in-oil formulation

Skin hypo-allergenic
test completed

- * Skin hypo-allergenic test completed
- * Dual functional cosmetics for whitening and wrinkle improvement

Skin that becomes dry, brittle, and loses elasticity and vitality.
Stop premature aging of your skin!

Living with natural skin is only temporary.
Now with AZWIT Experience the difference of younger skin
compared to the same age

Optimal prescription formula with proven flexible (natural)-derived active ingredients

- 1. Low molecular weight collagen, ceramides, elastin, hyaluronic acid **more moisture and firm by providing elasticity and moisture at the same time and strengthening the skin barrier**

- 2. **Soothing moisturizing** ingredients such as aloe vera extract, centella asiatica extract, and allantoin **make the skin healthier and firmer**

- 3. **Whitening and wrinkle-improving ingredients** such as niacinamide and adenosine make the skin brighter and more lively

All levels such as moisture and oiliness increase

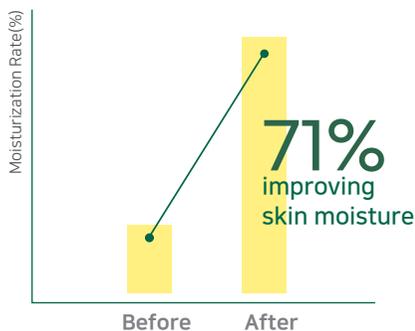

Before

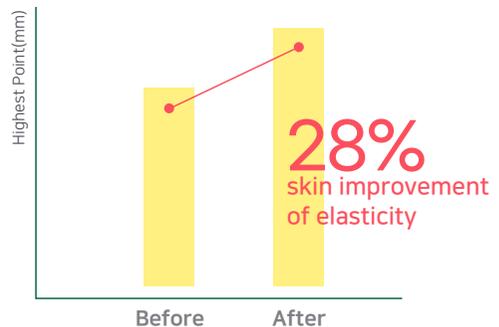

After

Human body application test, **Moisture content (Improving skin moisture)**

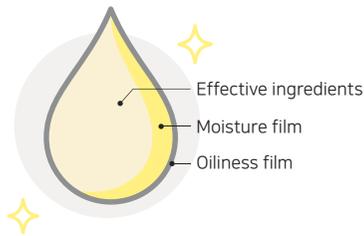

Human body application test, **Improvement of elasticity**

Solve 02

Patented formulation with AZWIT's unique active ingredients locked

(W/O) formulation

Water-in-oil(W/O) emulsion that wraps a large amount of active ingredients with moisture once and then with oiliness

The active ingredient spreads out and permeates the skin abundantly, forming a moisturizing film on the skin surface, helping moisturize the inside and the outside for a longer period of time.

A culmination of 30 years of technology
by a researcher from a large company that begins with 'L*'
Patent technology for room temperature emulsion
water-in-oil (W/O) formulation (Patent No. 10-1468951)

Solve 03 **Safe/calming skin care even for sensitive skin**

As a result of visual evaluation by a dermatologist, the skin irritation index was 0.00, which was judged to be a product within the hypo-allergenic range.

Test title : Primary irritation test on skin patch
Test subjects : 32 healthy men and women aged 20-60 years

Test result : 0.00(primary irritation index)
Test institution : OATC Co., Ltd.,
Test period : June 2 ~ June 4, 2021

With a soft texture

It is a finish that does not smear on.
Thin and soft spreadability given by oiliness holding a large amount of water.
Serum formula that feels moisturizing for a long time without stickiness

HOW TO USE : After cleansing in the morning and evening, gently apply an appropriate amount to the desired area and let it absorb.

***It's better to use serum and tone-up cream together !**

A Z W I T

Daily Tone-up Creamy

60ml

“
AZWIT, BRIGHT AND LIVELY
NATURAL SKIN TONE-UP
SMOOTH SKIN TEXTURE
CHILDISH SKIN ROUTINE
”

Not only does it recharge moisture, but it also has a **natural and light make-up effect, making your face look clean and lively!**

Solve 01

Dropper tube / Texture

Use the remaining amount in the dropper tube until the end.

Texture with no turbidity and stickiness

Moisturizing and refreshing finish with creamy texture

How to use : At the last step of skin care, apply an appropriate amount according to the skin texture. Apply two to three more times to the areas where you want a strong tone-up effect.

TIP : Helps tone-up bright and light natural skin anywhere you want, **not only on the face, but also on the neck, elbows, legs, and knees**
