Confirming for 24 hours continuous Moisturizing Effect
Test Number : KIDS-AHJ039-DRC
Korea Institute of Dermatological Science

5 Alive SCI listed New Super Ingredients bring long-lasting youthfulness to your aging Face!

1. Antarctic (ANTARCTICINE@ marine Ingredient C):

An extremely low temperature microbial strain found in the extreme Antarctic below minus 56 degrees. Glycoprotein (glycoprotein) produced by anthantacin draws moisture from the air and forms a moisturizing film on the skin. In addition, high-quality collagen, which determines the elasticity of the skin, and elastin, which is a spring of the skin, is rapidly increased, which makes the skin younger by tightly weaving the fibroblasts of the skin.

antarcticine®
marine ingredient

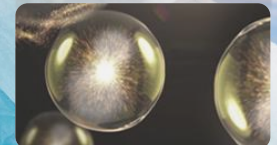

2. Elhibin PF (ELHIBIN@ PF):

It is a non-GMO soy protein extract that helps maintain youthful and healthy skin elasticity by inhibiting the production of elastase, a proteolytic factor that plays a key role in skin aging. It also has skin irritation and inflammation prevention and skin moisturizing effects.

3. Sepilif DPHP (SEPIlif™ DPHP):

It is an excellent ingredient for wrinkle improvement and prevention, reduces oxidation by free radicals, stimulates collagen and restores skin elasticity. It also helps make your skin softer and more elastic, helping you recover to a younger appearance.

4. PHYTOCELLTEC MALUS DOMESTICA (PHYTOCELLTEC™ MALUS DOMESTICA):

Apple stem cell culture extract protects skin stem cell continuity, delays the aging of blood stem cells, and increases skin stem cell vitality. It has the ability to build new tissues and is effective in preventing wrinkles.

5. Argireline (ARGIRELINE@ Peptide Solution):

It is a low molecular peptide ingredient that relaxes facial muscles near the outer shell to smooth out wrinkles and tighten the skin. Recommended Dosage : 3 ~ 8%.

The most potent ingredients for women, Phytoestrogen complex!

Now absorb the super-grade estrogen complex, not just one.

Phytoestrogen not only reveals youthfulness to you but also delivers confidence abundantly to your skin.

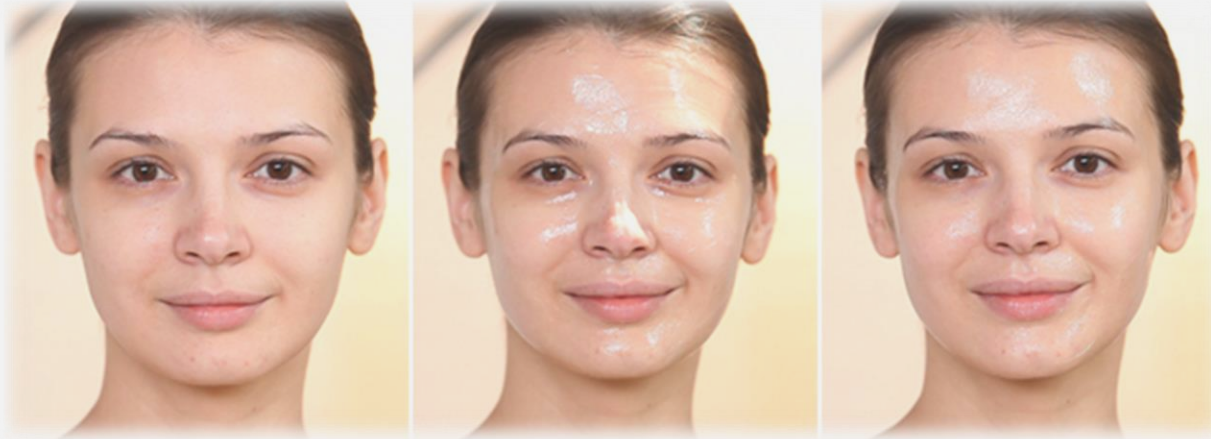

Cashmere Protein

Cashmere protein, a potent immune complex extracted from resilient cashmere goats surviving harsh cold of minus 39 degrees Celsius or below. Now, fortify your aging skin with robust youthful immunity.

AVEA AQUA GLOW ABSOLUTE CREAM

How to Use

- For Dry Skin – apply the Cream about 2 to 3 mm and then let your skin naturally absorb the Cream.
- For Oily Skin – apply the Cream about 1 to 2 mm and then let your skin naturally absorb the Cream.
- Use as Sleeping Mask – apply 2 to 3 mm and run them and then let your skin absorb the Cream
- Use as Daily Mask (or Moisture Cream) – apply the Cream about 1 to 2 mm and then massage the Cream or you can apply this Cream with BB Cream, Foundation or Sun Block Lotion. For more detail, check next slide.

✓ Expert Tips

Before Apply Makeup, put [AVEA AQUA Glow Absolute Cream](#) for moisturizing and arranging your skin so that makeup will be applied well while your skin will be moisturized and get enriched nutrition for a long time.

Moisture is very critical factor to our skin and moisture should be treated as most important element to keep our skin alive. Lack of moisture brings aged skin, rough skin, dark tone skin and so on. Even if you apply very best Nutrition Cream, your skin can not get benefits since your skin is already dried.

Providing moisture to skin is important, but also keeping the moisture level in your skin is far more important.

Now you can get full benefits from [AVEA AQUA GLOW Absolute Cream Triple Water Veil Protect System](#)
