ANOLVE

FILLER

Technology of ANOLVE Filler

Cross Linked Hyaluronic Acid
Natural combination through chain entanglement

Firm Gel Texture

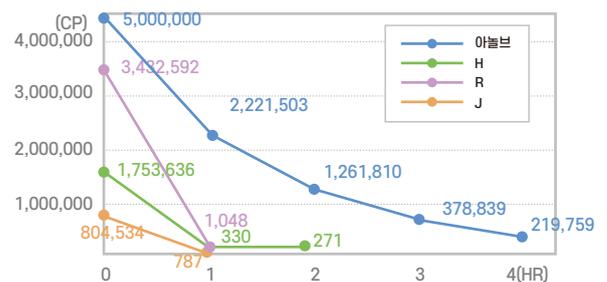

With the firm gel texture which artificial crosslinking has been minimized, it provides naturalness and volumizing effect that has increased viscosity and cohesiveness.

Proven Safety

Through the 15 years of Clinical trials,
ANOLVE FILLER is a brand which safety and
efficacy are recognized,
and its proven safety is the proud

Comparisons with others

Longevity of 4 times longer compared to others
ANOLVE Filler is a standing out product in the
global filler market and is loved all over world,
including China, Vietnam, Japan, Canada,
and others.

ANO'LVE
