Can be used semi-permanently using platinum titanium electrode plate.

CONVENIENCE

Convenience | Convenient to generate hydrogen water with just one button

HEALTHY

Healthy | Harmless to the human body and 99.9% sterilizing action. It penetrates into skin pores to sterilize germs causing skin problems and helps remove skin waste.

ECONOMICAL

ECONOMICAL | Use tap water / bottled water, semi-permanent use

Ionpolis H2

Hydrogen Water Making Tumbler

Effect of Hydrogen Water Maker

- 90% of our human illness are caused by excessive free radicals in the body.
- If these active oxygen are not reduced in the body, they will cause inflammation in the body or accelerate aging.
- Therefore, it is recommended to eat antioxidant foods such as vitamin C to eliminate it.
- Ionpolis H2 helps to remove free radicals to generate hydrogen peroxide easily anywhere and anytime

Ionpolis Alkaline Water Ionizer

Alkaline Water Ionizer

- It is a device that produces alkaline ionized water of pH over 8.5 to 10.0 to electrolyze drinking water and it is a device that generates ionized hydrogen water of pH 9.5 and improves gastrointestinal symptoms
- (chronic diarrhea, indigestion, abnormal fermentation in the stomach) (pH) 9.5.

Application of High
functional Two-Filter Method

Application of Original
Recognition Chip of Filter

Application of 250W
SMPS Method

Adjustment of current
to 240 stages

Usage of a Maximum nine
layers of high purity white gold
coated electrode plates

Using a 5"
large color LCD

Touch-Sensor method

Hygienic auto-cleansing
and auto discharge system
preventing pollution of germs
