

# Doleeco Co., Ltd.

## Product Introduction

### **System Multi Hanger**

### **Basic Plus**

# Product Overview

| Sortation               |         | Content                                                 |
|-------------------------|---------|---------------------------------------------------------|
| Product name            |         | System Multi Hanger (Basic Plus)                        |
| Quality of the Material |         | Powder steel pipe, PP                                   |
| Size (mm)               | Box     | W710 X D175 X H130                                      |
|                         | Product | W705 X D385 X H1,871                                    |
|                         | Weight  | 4.75Kg (With Box)                                       |
| Components              |         | 1 frame, 1 hanger rod, 15 pants hanger, 1 rubber hammer |
| A supply price          |         | -                                                       |
| Purpose                 |         | Organize and store top/bottom clothing                  |
| Manufacturer            |         | Doleeco Co., Ltd.                                       |
| Country of origin       |         | Republic of Korea                                       |

# Check Point

## 01. Top and Bottom at the same time~

Organize up to 30 pairs of pants using a  
dedicated trouser hanger at the bottom

Organize up to 30 tops using hangers  
at the top

# Check Point

## 02. Infinitely scalable with modular configuration

By connecting additional hanger rods, infinite expansion is possible to suit customer needs.

1 + 1 = 3 Extension of 2 hangers creates extra organization space

# Check Point

## 02. Infinitely scalable with modular configuration

Depending on the customer's needs, if connected with the System Hanger Basic Plus, the usability doubles

# Check Point

# Check Point

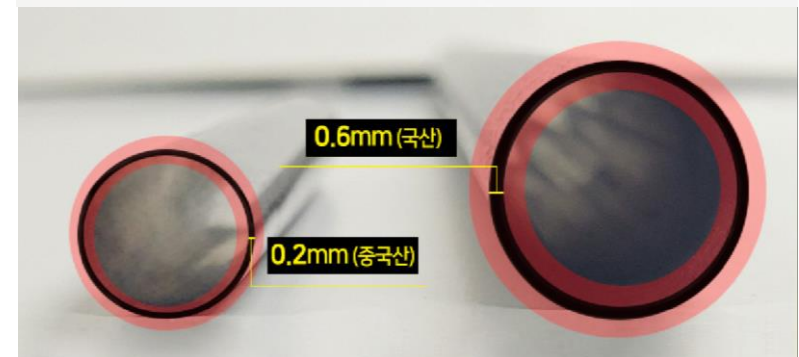

## 03. POSCO Steel Frame

Hammerton powder coating on POSCO steel pipe to improve durability and aesthetics

Hammerton powder coating makes the surface thicker and more durable

중국산 파이프는 두께가 얇아서 쉽게 파손 될 가능성이 있습니다.

# Check Point

## 04. Hanger for non-slip pants

The non-slip pant hanger keeps the pants stable without slipping down.

1 trouser hanger can organize 2 trousers.

# Check Point

## 05. Sturdy hanger assembly and expansion without the use of bolts

Assemble without using bolts using Doleeco's original 4-Way connector

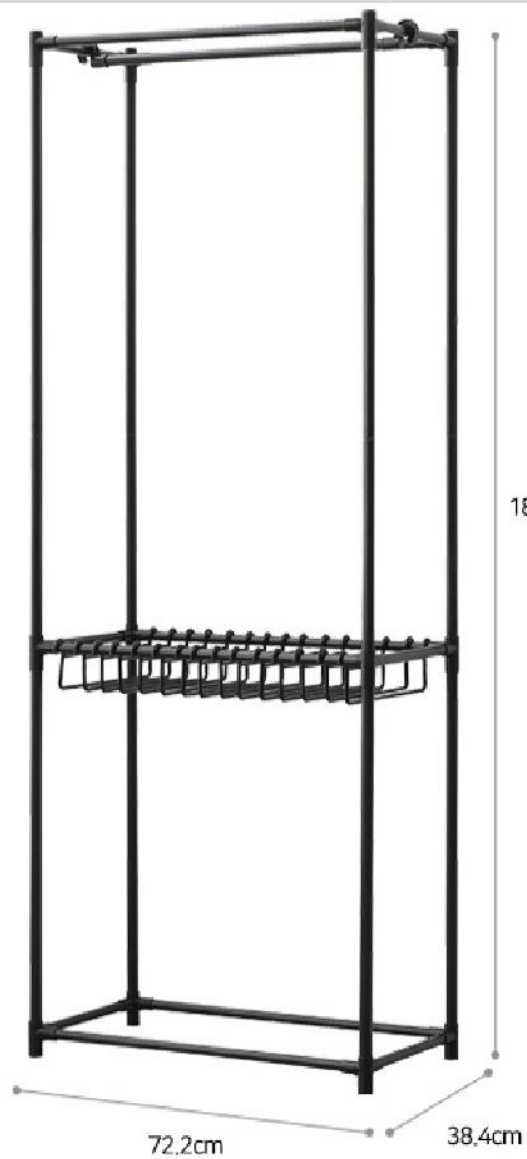

No worries about shaking or tipping by using the enclosed rubber mallet

extension hanger rod

safety rubber mallet
