ABOUT CLAVIS

CLAVIS is the most well-liked supplier of magnetic health products in Korea. Products from Clavis routinely sell out on a variety of major TV home shopping channels in Korea, including CJ, Lotte and Hyundai. In addition, Clavis sponsors a substantial number of Korean athletes who compete for the KPGA and LPGA as well as the national baseball, football, and golf teams. Clavis uses patented technology to produce a variety of magnetically based therapeutic items, the majority of which are recognized as medical devices by the Korean FDA (Not US FDA) for its outstanding quality and incorporation of health care elements. This definitely sets Clavis' magnetic health wristbands apart from those of other companies.

CLAVIS WARRANTY

For a year following the date of the initial purchase from an authorized dealer, the manufacturer's defects on Clavis are covered by a limited warranty. In essence, we will repair or replace your product for free if any parts or mechanisms fail to function properly and it is our fault. This does not, however, cover any mistreatment you might subject your item to on your own. Water damage, ordinary wear and tear, accident-related damage, scratches, lost items, or theft are not covered by the warranty. Please save your receipt as proof of purchase is necessary for any warranty and service requests. Please email us at info@clavisenergetic.com if you experience any problems with your products within the first year of ownership.

Care Instruction Video
-13 Things You Need To Take Note

- Read the disclaimers and Q&A carefully on our website [www.clavisenergetic.com] before using.
- Avoid storing it near electronics.
- Keep them in a dry location.
- Never apply it to someone who has metal in their body.
- Avoid touching magnetic cards with your hands.
- If you get skin allergies, stop using it.
- Only use the bracelet for purpose for which it was designed. Be cautious while using silicon bands because they could be tainted with dye or other substances.
- Clean with detergent and store at room temperature if not going to be used for a while.
- Don't modify or disassemble this product. If you intend to rebuild or disassemble this product, you are not eligible to get A/S.
- Avoid using young children or pregnant ladies.
