Children learn by themselves while touching blocks!

Children can have creative experiences by touching blocks with their hands and freely combining them in various patterns.

Studying as fun as play, Tango!

Play Tango allows kids to feel the learning situation as play while playing with building blocks. Awaken play instincts of your kids by letting they play and learn with Tango.

Systematic learning through play

Play Tango has implemented the systematic learning of workbooks through block play. We are committed to providing your kids with systematic and enjoyable learning through a solid and rich curriculum.

PLAY TANGO

Play and learn at the same time!

Learnig comes alive with tangible blocks.

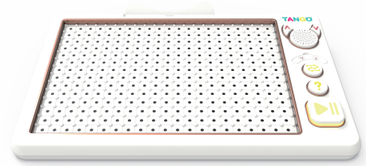
How to use?



Tango

Block

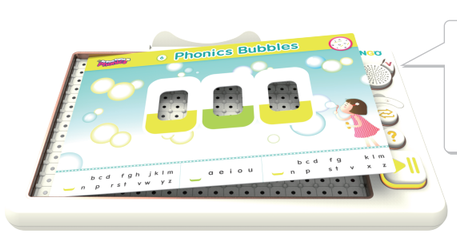
Card

Plate

How do kids learn?

Put the plate on Tango and then choose the activity your kids want to play.

1. When your kids put the plate into Tango,
it kindly tells them what activity it is.



Three-letter phonics play!
Place English blocks
and mix sounds.

2. Solve the problem by inserting cards into the tango board and then filling in the blanks with blocks.

Wow, Great!
/c/,/a/,/t/
cat!

When your kids get the right answer

Tango praises them and play exciting chants and songs.

Learning content

Math

Principle of calculations that your kids can learn from Tango

Learn about the meaning of numbers	Learn about the changes in numbers with blocks	Complete calculations with numbers
= 5	+	+ 3 / 2 / 5

Engilsh

Principle of phonics your kids can learn with Tango

Awareness of letter-sound relationships	Blending sounds to make words
c : /c/ as in	a + n = an
a : /a/ as in	c + an = can
n : /n/ as in	f + an = fan

Business Cooperation

Business Status
