

STEP 1 Barrier Hyal Essence Toner — Hydration Prep → STEP 2 Active Glow Ampoule — Active Core Care → STEP 3 Active Repair Cream — Barrier Finish

STEP 1 · TONER  
Barrier Hyal  
Essence Toner

160ml / 5.41 fl.oz.

Beyond a Toner — the Density of an Essence

A concentrated essence, not a light toner. Moisture and active ingredients settle deep into skin from the very first step, preparing it to absorb the ampoule and cream that follow.

KEY INGREDIENTS

- Centella Water 98,000ppm — soothing, moisture-balancing base
- 5-Type Hyaluronic Acid Complex — layered, deep hydration
- Double Exosome (Cica + Panax) — soothes and revitalizes
- Centella PDRN — restores skin condition, strengthens barrier
- Panthenol, Allantoin, Betaine, Ceramide barrier system
- Niacinamide, Adenosine — brightening & elasticity care

- ◆ Exosome and PDRN from the very first step, for a different start
- ◆ Light on the surface, dense and absorbing underneath
- ◆ Whitening & wrinkle-improvement dual-function cosmetic

STEP 2 · AMPOULE  
Active Glow  
Ampoule

50ml / 1.69 fl.oz.

The Moment Skin Begins to Heal Itself

The core of the 3-step routine, delivering the most concentrated actives. Double Exosome, Centella PDRN, and a multi-peptide complex work together for soothing, elasticity, and barrier care in one motion.

KEY INGREDIENTS

- Centella Water 98,000ppm, highly concentrated — peak soothing power
- Cica Exosome (Centella-derived) — intensive soothing, barrier care
- Panax Exosome (ginseng-derived) — vitality and elasticity care
- Centella PDRN — restores and regenerates damaged skin
- 4-Type Multi-Peptide Complex — elasticity and texture care
- Ceramide barrier system, low-irritant formula

- ◆ Cica and Panax, double exosome — soothing and vitality together
- ◆ Peptide, PDRN, and Exosome working in layers
- ◆ Sensitivity, weak barrier, dryness, loss of elasticity — answered
- ◆ Whitening & wrinkle-improvement dual-function cosmetic

STEP 3 · CREAM  
Active Repair  
Cream

50ml / 1.69 fl.oz.

A Firm Barrier, Finished with Elasticity

Seals in the moisture and actives delivered before it. A 7-type collagen complex completes the routine with a firmer, more resilient finish — the final step of the 3-step routine.

KEY INGREDIENTS

- Centella Water 98,000ppm — soothing, hydrating base
- Double Exosome + Centella PDRN — soothing, barrier & vitality
- 7-Type Collagen Complex — elasticity and radiance care
- 5-Type Ceramide + Peptide Complex — barrier reinforcement
- Niacinamide, Adenosine, Retinol — whitening & wrinkle care
- Hyaluronic Acid, Shea Butter, and more — moisture & soothing

- ◆ A 7-type collagen complex for firmer, more radiant skin
- ◆ Ceramide barrier system for all-day moisture
- ◆ Gentle formula, comfortable even for sensitive skin
- ◆ Whitening & wrinkle-improvement dual-function cosmetic
