BRINGING
YOON 潤 THE FRESH VITALITY OF
A GREEN APPLE GLOW TO YOUR SKIN

**GREEN APPLE
YOON 潤 SKIN UP**

Delivering inner beauty by supporting deep hydration and preserving skin health against UV stress

As the first in Korea to apply APPLOZIN®—an Individually Recognized Functional Material—GREEN APPLE YOON SKIN UP rejuvenates UV-fatigued skin through intensive antioxidant care and deep hydration, unveiling a radiant glow and renewed vitality.

2 g x 60 stick sachets
2 times a day

Point 01

Comprehensive Functionalities
APPLOZIN® · Vitamin C · Vitamin E · Biotin
Approved by Ministry of Food and Drug Safety Korea

APPLOZIN®, an Individually Recognized Functional Material with dual efficacy in skin hydration and UV care, is reinforced by Vitamins C & E and Biotin. This powerful integration provides a comprehensive solution for antioxidant support and skin vitality and contributes to broader benefits that extend beyond the skin.

Point 02

Premium Green Apples
Harvested within 65 days for Naturally Rich Phlorizin

This key component has been studied for over a century for its distinct bioactive characteristics. Recognizing its significance, KIM NAM JOO BIO partners with the world's leading producers of green-apple concentrates, selecting only premium apples naturally rich in phlorizin.

Point 03

Clinical Test Results for APPLOZIN®
An Individually Recognized Functional Material
Validated Across 11 Skin-Health Indicators

Point 04

Premium Supplementary Ingredients
Collagen · Hyaluronic Acid · Milk Protein · Elastin

GREEN APPLE YOON 潤 SKIN UP is crafted with a meaningful composition of premium supplementary ingredients—such as fish collagen, hyaluronic acid, milk protein, and elastin—each selected for its role in comprehensively supporting healthier, strengthened skin.

Point 05

Taste Meets Convenience

Available in a convenient stick sachet that preserves the tangy, fresh flavor of green apples, YOON 潤 SKIN UP can be enjoyed anytime, anywhere—offering an effortless boost to your skin throughout your busy day.

A Reliable Product Manufactured in Verified Facilities

The product is manufactured in Good Manufacturing Practice (GMP) –certified facilities and managed under rigorous quality standards that can be trusted internationally.

Health Functional Food by MFDS Korea GMP ISO 9001 Product Liability Insurance

*Human application test results may not apply equally to everyone.

- Cohort 1** Healthy female volunteers aged 25–60 with cheek skin moisture ≤ 49 A.U. (per C+K reference) and eye-area wrinkles graded 3–7 (per SOP by Maridiem Co., Ltd.): test group n=60, control group n=60.
- Cohort 2** Healthy female volunteers aged 25–60 with eye-area wrinkles graded 3–7 (per SOP by Maridiem Co., Ltd.) and cheek skin moisture content ≤ 49 A.U. (per C+K reference): test group n=55, control group n=50.
- Method** Participants were assigned to a group taking the test product or a group taking the control product and ingested 1 tablet, twice daily for 12 weeks.
- Source 1** A human application test to evaluate the efficacy and safety of “Green Apple Concentrate Powder” for skin moisturization enhancement
- Source 2** A human application test to evaluate the efficacy and safety of “Green Apple Concentrate Powder” for maintaining skin health against UV-caused damage
